### Dial-Into Motorcycle Garage Trade-In Program

Have you heard the expression Dial into performance? Well that's what you will be doing when you trade-in your current 2001 and later Harley-Davidson® EFI tuner to the **Motorcycle Garage**. We offer \$100.00 rebate/credit for any of the following but not inclusive EFI products; Piggy-back tuners include Daytona Twin Tec, V&H Fuelpak, Cobra FI2000, Dobeck TFI, DFO, Terminal Velocity, Dynojet Power Commander, Power Vision, and others. Also included are ECM re-flash products, Technoresearch Direct Link, TTS Mastertune, and Screaming Eagle Race Tuner.

Here's how the program works. Customers may purchase the ThunderMax at the retail price, send in their tuner with the [Dial-Into form](#) and receive a \$100.00 rebate/credit upon **Motorcycle Garage** receiving the product. Trade in product must be from the same bike that the ThunderMax is being purchased and programmed for. Customers are responsible for shipping their units to **Motorcycle Garage**. Offer not good for cash. Trades do not have to be in working condition to receive full value. Tuners must have all necessary components for trade. Cannot be combined with any other offer. Trade-ins subject to **Motorcycle Garage** approval. No dealers. Offer valid in the United States only. **Motorcycle Garage** reserves the right to cancel, terminate, modify or suspend the offer for any reason without notice. Thank you for supporting **Motorcycle Garage!**
